MARKET INSIGHTS

The South African wool market remained resilient despite softer international trends, with buyer participation staying positive and the strong overall sales performance reflecting continued demand for South African wool. The continued interest in quality wool, particularly certified Merino, remains an encouraging sign for producers as the season progresses. The highest price of R249.90/kg was achieved for a 2-bale lot AMY of 18.1µ from the clip of SG Lombard, Rouxville. Congratulations on this achievement.
